RBCCG thanks public for responses to its draft prospectus

On behalf of Dr Jonathan Wells, Chair and Clinical lead for NHS Redditch and Bromsgrove Clinical Commissioning Group:

“NHS Redditch and Bromsgrove CCG published its draft local acute hospital services prospectus in late September. Over the last 7 weeks, we have encouraged local people to comment on our proposals.”

“We are delighted to have received over 600 responses, this clearly demonstrates the public strength of feeling about services provided from the Alexandra Hospital. The CCG will now be carefully reviewing each and every one of these responses to ensure that the views of local people are fully taken into account as we finalise our plans for next year. We expect to publish our final prospectus in early January.”

-Ends-
