

FOI 1813-1818

This response is on behalf of the following CCGs:

NHS Coventry and Rugby CCG

NHS South Warwickshire CCG

NHS Warwickshire North CCG

NHS Redditch and Bromsgrove CCG

NHS South Worcestershire CCG

NHS Wyre Forest CCG

The CCGs are currently using Arden Commissioning Support to undertake a rationalisation and revalidation of mobile phone contracts. Government Procurement Services were used to arrange an overall contract with Vodafone which became effective from 21/5/2013. The details of the contract, including cost and number of users, are still being finalised so are not currently available, but each order will be on a call off arrangement for two years.

Annual spend information is not available because the CCGs did not exist as legal entities prior to 1/4/2013.

The CCGs do not have named individuals responsible for mobile phone contracts because support for this is being provided as part of a Service Level Agreement with Arden Commissioning Support.
